Fair Court Adjourns.

The police headquarters at the fair grounds broke camp last night, and Sergeant Hagerman, who was superintendent, and a number of men came to the city. The little courtroom was a desolate-looking place, and it will again fall into its peaceful state until next year, when its fficial dignity will again be in evidence There were fewer cases in the fair grounds court this year than for a number of years. Only seven cases came before Justice of the Peace White, of Broad Ripple, who was police judge for the occasion. It has some time since things were as quiet as at the last fair. Heretofore from twenty to thirty cases have been tried at the fair. Only two pickpocket cases came up this year, which is an exceedingly good

Injunction Against Carrying Out the Bond Scheme Dissolved by the New Jersey Court of Appeals.

' TRENTON, N. J., Sept. 19 .- The Couft a vote of 8 to 3, decided in favor of the United States Steel Corporation in the suit brought by Mrs. Berger to restrain the corporation from converting \$200,000,000 per cent. stock into 5 per cent. second preferred mortgage bonds. Vice Chancellor Emory, in the court below, granted an injunction restraining the company from car-rying out its purpose. The decision of the Court of Errors and Appeals to-day is a reversal of the vice chancellor and leaves the United States Steel Corporation free to carry out its project so far as the Berger

litigation is concerned No opinion was filed, the court simply announcing its decision. The opinion will be filed later. It was announced by the court that Justice Van Sickel would write the majority opinion. The dissenting opinion will likely be prepared by Justice Garrison. There is another restraining order pending aginst the trust, but an aplication will be made at once to have this additional injunction removed. The second restraining order was obtained in chancery by J. Aspinwall Hodge and others of New York.

Eighty Men and Two Quick Firing Guns Landed from the Cruiser Cincinnati Yesterday.

WASHINGTON, Sept. 19 .- Secretary of the Navy Moody to-day made public a cablegram received from Commander McLean, of the Cincinnati, the officer in command of the United States naval forces on the

"Have sent the following communication to both parties: 'Have to inform you that the United States naval forces are guarding the railway trains and line of transit across the Isthmus of Panama, from sea to sea; that no person whatever will be allowed to obstruct, embarrass or interfere in any manner with the trains or the route of This is without prejudice or any desire to interfere in domestic contentions

It was admitted by a high official of the Navy Department to-day that this government is seriously considering a further reinforcement of the United States naval force on the isthmus and that it is not at all unlikely that an additional force to operate along the line of railway will be ordered to DECISION IN FAVOR OF THE UNITED | the scene in a few days. It is understood that there is no present intention to order more warships to the isthmus, as the Navy Department considers the vessels already there, or under orders, ample to meet any emergency which may arise on the water.

It was stated in an authoritative quarter to-day that the information furnished by Commander McLean to the Navy Department plainly shows that the naval force there is kept constantly on its guard to make good our treaty guarantee of free of Errors and Appeals this afternoon, by transit. So whatever additional force is sent will co-operate with the marines already there and those en route on the Panther in a close watch on the railway.

Governor Salazar, who is the leading Colombian government representative on the isthmus, is bare thirty years old. He attained his present position through gallant conduct during a siege of Panama several years ago. Partly from his youth and inexperience he has embarrassed the government to some extent on several occasions, notably when some months ago he issued an order to censor all the official foreign mail. By direction of his government he subsequently revoked this order.

Insurgents Warned that the Railway Must Not Be Obstructed.

COLON, Colombia, Sept. 19 .- Several hundred government troops were brought out this morning and it was the intention of the authorities to have them take a train for Panama. The railroad company declined to entrain the soldiers on the 8 o'clock passenger train, but subsequently placed a special train at their disposal. Shortly after 8 o'clock eighty blue jackets from the United States cruiser Cincinnati, together with two quick-firing Colt guns, were landed in Colon. This

action is believed to be due to the receipt of reliable information that a representative of the insurgent General Herrera is at San Pablo, a station on the railroad. Under these circumstances the government decided not to entrain the troops for Panama. They will remain at Cold In the meantime the railroad dispatched a special train with definite instructions

from Commander McLean, of the Cincinnati, to General Herrera's representative at San Pablo, saying that insurgent troops would not be permitted to stop trains over the isthmus, or board them, as American marines were maintaining the traffic from sea to sea. A large force of insurgents is said to be quite close to San Pablo. If this is so there is likely to be fighting at any moment. The return of the special from San Pablo will bring further news

HORROR IN A CHURCH.

(CONCLUDED FROM FIRST PAGE.) frightful catastrophe. None of those in the choir or in the pulpit was injured in the least. For a few minutes they attempted to restore order, but seeing their efforts were futile, waited until the struggling crowd had advanced far enough for them to pick up the dead and injured. Most of the dead are women, and the physicians say in many cases they fainted and died from suffocation. A remarkable feature of the calamity is that no blood was seen on any of the victims. They were either crushed or died from suffocation. Capt. Frank P. O'Brien, former sheriff of Jefferson county and one of the most prominent citizens of Birmingham, was a witness to the catastrophe. He lives within half a block of the church, and hearing the commotion went to ascertain the trouble. As he reached the front of the church the crowd had begun blocking the entrance, and in describing it he said: have witnessed many appalling sights, but the wild scene at the head of those steps is beyond description. Wildly-excited ne-groes reached the top of the steps and began falling headlong down the incline Others were pushed upon them, and notwithstanding the warnings from the outside the crowd continued to push. In a few minutes men and women were piled up on each other to a height of ten feet. Presently a negro woman, with a baby in her arms, mounted the mass and, climbing over the bodies, leaped to the ground without injury to herself or the infant As quick as possible a rescue party was organized, and as soon as the entrance was cleared began the removal of the bod-

ng, and the main one is sixteen feet wide. deaths were caused by everybedy try-to rush out of the main entrance at the same time. Inside the church not a bench was overturned, and all of those who were killed died in or about the entrance. The people up near the front of the church were not injured in the least."
Mayor W. M. Drennan said: "Most of those who were killed are strangers, but their bodies will be cared for until iden-tified and claimed by relatives."

MR. WASHINGTON'S ACCOUNT. Principal Booker T. Washington, when seen after the accident at the residence of Dr. U. G. Mason, said: "I had just finished delivering my lecture on industry and the singing had commenced, when some woman back of me was heard to scream. Some members of the choir yelled 'Quiet, which the gallery understood to be 'fire. This was repeated and started the stampede. I found on investigation that a Birmingham man had stepped on the toes of a delegate from Baltimore named Ballou. Ballou resented it and made a motion as if to draw a gun. This caused the woman to scream. There was little excitement in the center and front of the church. The rear of the church was congested and some of the men tried to walk out on the heads

of the crowd. At the time of the alarm there were probably 3,000 people in the church and fully that number without. The crowd on the sidewalk surged in and this in a measure accounted for the large loss of life. The majority of those killed were smothered to death, very few having bones "When I saw that a stampede was im-

I started the choir singing, and part of the audience joined them. I remained until the excitement had subsided for fully thirty minutes. One good sister, whose name I did not learn, caught me firmly by the waist and held me there throughout the excitement, saying, 'Keep still.' I am unable to say positively, but there is a probability that the convention will adjourn out of respect to the dead. The session would have closed next Monday night. So far as is known about ten delegates were among those killed, two from Texas and two from New Orleans

being among that number." The identified dead up to 2 o'clock this morning are as follows: Annie Harris, Bessemer, Ala.; F. K. Williams, Pratt City, Ala.; Ada J. Adams, Fort Smith, Ark.; Rev. William Stone, Greenville, Ala.; Rev. L. R. Price, New Orleans; Sarah Peyton, New Orleans; Rev. Z. H. Johanson, Weir, Kan.; Rev. Anderson, Roanoke, Mont.; Rev. Allen, Chattanooga, Tenn.

MINNEAPOLIS, Minn., Sept. 19.-Jupiter Pluvius interrupted the game here this afternoon, but the Indianapolis men are after the championship, and if they play in St. Paul as they finished here to-day neither Greek god nor "saint" will prevent them attaining their goal. With the score 5 to 3 against them in the seventh the visitors made a spectacular finish, tying the score in that inning and winning in the eighth, when play ended on account of a rainstorm. The locals had everything their own way for six innings, having held the lead without a break for this number of rounds. A heavy rain set in at this stage, and, as everything pointed to a cessation of hostilities on account of Jupiter Pluvius's interference, the small crowd was jubilant. The visitors insisted that play go on, however, and, despite the rain, which was now

coming down in torrents, the game continued uninterruptedd. fielder completed the circuit before the ball | sure the bringing off of the contest. could be recovered. The last tally tied the score. Minneapolis did not get a pleasant than ever when the eighth opened. Wil-

liams started off the fireworks with a drive over second, stole second and registered on | ference of several hours' duration between Hogriever's double. Fox then crowned the inning with a timely single to right and Hogriever scampered home with the second run. This put the champions two to the good. In the locals' half the first two men went out in short order and Quillen drove one over second but was forced by Sullivan at second. The field was now a sea of mud and water and Umpire Tindel said 'Enough," the game ending at this stage. The locals gave Williams a warm reception in the first inning, walloping his benders for two singles and a pair of doubles, resulting in three runs, but outside of this round they were unable to bunch their drives and it was only through errors by Fox and Kihm that they were able to get their other two tallies. DECISION OF THE COURT.

Injunction Granted by Judge Field Upheld by Highest Tribunal. FRANKFORT, Ky., Sept. 19 .- The injunction granted yesterday by Judge Emmett Field, of the Jefferson Circuit Court, restraining the Southern Athletic Club and others from pulling off the McGovern-Corbett contest for the feather-weight championship of the world at Louisville on Monday evening next, was sustained by Associate Judge James D. White, of the Court of Appeals, this afternoon, and the contest will not be held in Kentucky. Judge White invited the full bench of the court to sit with him and hear the case, which all but one member did, and the decision is one of the court, though motion to dissolve the injunction was made before a single member of it. The opinion of the court reads: "The majority of the court who heard the application to dissolve the injunction of Judge Field are of opinion that the contest which has been enjoined is a prize fight, and that it is not material whether the victor in the contest is to receive more of the reward offered than the vanquished. tion whether the chancellor has preventive

ing the affirmative. The motion to dissolve is therefore denied. The argument of the motion to dissolve consumed five hours' time, and Judge White filed his opinion after thirty minutes consultation with his associates of the court The decision is, lawyers say, so far-reaching that it will prevent all boxing contests

in Kentucky in the future. Short Fight to a Finish.

As might be expected, the All-Stars are more numerous than the Crescents, but they could not win games. Mayor Bookwalter celebrated his return to club bowling by two orphan scores. Paine's Celery Compound

IS THE MEDICINE THAT HAS MADE THOUSANDS OF COUNTRY TOILERS WELL AND STRONG

There are thousands of farmers in our land who are rich in broad acres and gold, yet lack that true wealth known as good

It is a melancholy fact that men and women in the country districts, breathing the purest air and drinking from God's bubbling fountains and limpid springs, are liable to the same diseases and ailments that come thick and fast to city people. We find rheumatism, neuralgia, debility, dyspepsia, kidney and liver troubles and blood diseases almost as common in the farmer's family

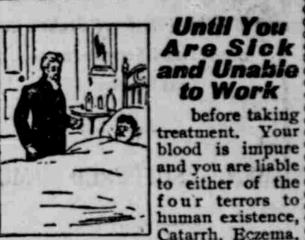

as they are in city homes. Paine's Celery Compound, heaven's best blessing to the farming community, has done more for the banishment of dread disease and the building up of health than all other combined medicines. Mr. John Zuspan, a prominent and well-known farmer of Middleport, O., writes specially for the

benefit of sufferers in the rural districts, He says: "Last November I was so badly crippled up with rheumatism, which came on in June, that I could hardly walk without the aid of crutches or a heavy stick. About the 10th of November I commenced taking Paine's Celery Compound, and after using four bottles I was completely cured, and was able to attend to my usual work as well as when I was forty. I am now sixtysix, and can walk and run as well as man of thirty.

Washington and Pennsylvania Sts. TEN ROUNDS TO A DRAW

A LIVELY AND ENTERTAINING BOUT AT THE EMPIRE.

Eddie Cain and Willie Fitzgerald the Contestants-Other Contests Scheduled.

Eddie Cain and Willie Fitzgerald last night went ten rounds to a draw at the Empire Theater, furnishing the most exciting contest ever held in Indianapolis, The crowd, while not as large as have been seen at previous exhibitions at that theater, was well pleased with the exhibition given by the sparring partners of Terry McGovern and Young Corbett, and declared it to be the most scientific boxing match ever seen in Indianapolis. Cain and Fitzgerald were in excellent condition and were able to mix matters all the time. They were at each other from gong to gong in every round, and the exhibition of infighting was even better than that seen here when Santry and Young Mowatt met last July. Cain was a little heavier than his opponent and did most of cleverness in blocking the leads, and in the earlier rounds was able to land frequently on Cain's head and wind. In the

latter part of the bout Cain forced the boxing and rushed Fitzgerald around the ring, landing frequently. At the end of the tenth round Referee Ryan declared the contest a draw, which met general approval. It was announced last night that in all probability Hughey McGovern, brother of the Brooklyn lad, and the Canadian Kid will meet at the Empire one night next week in a ten-round contest to a decision. Terry McGovern will probably appear the same night in a four-round bout with his other sparring partner, Art Sims. Kid McCoy, who was to referee the bout last night, did not arrive until midnight. He was accompanied by Philadelphia Jack O'Brien. They are on their way to French Lick, where both will begin training. Mc-Coy hopes to get on a match with Fitzsimmons and O'Brien will soon arrange a match with Tommy Ryan, who defeated Kid Carter at Fort Erie last Monday night, McCoy believes that a carnival of chamionship contests will be arranged to take place at Fan Francisco or Carson City. "Are you sure it is glory divine you want?" he asked
